WELCOME TO DUBAI BUSINESS LEADERS

In October 2021, while the world was still bruised
and battered by Covid,
I received an invitation to participate at the
Gitex conference.

That invitation changed my life.

It took me on a journey of discovery asking how
Dubai Leaders had overcome challenges, problems
and setbacks to achieve success.

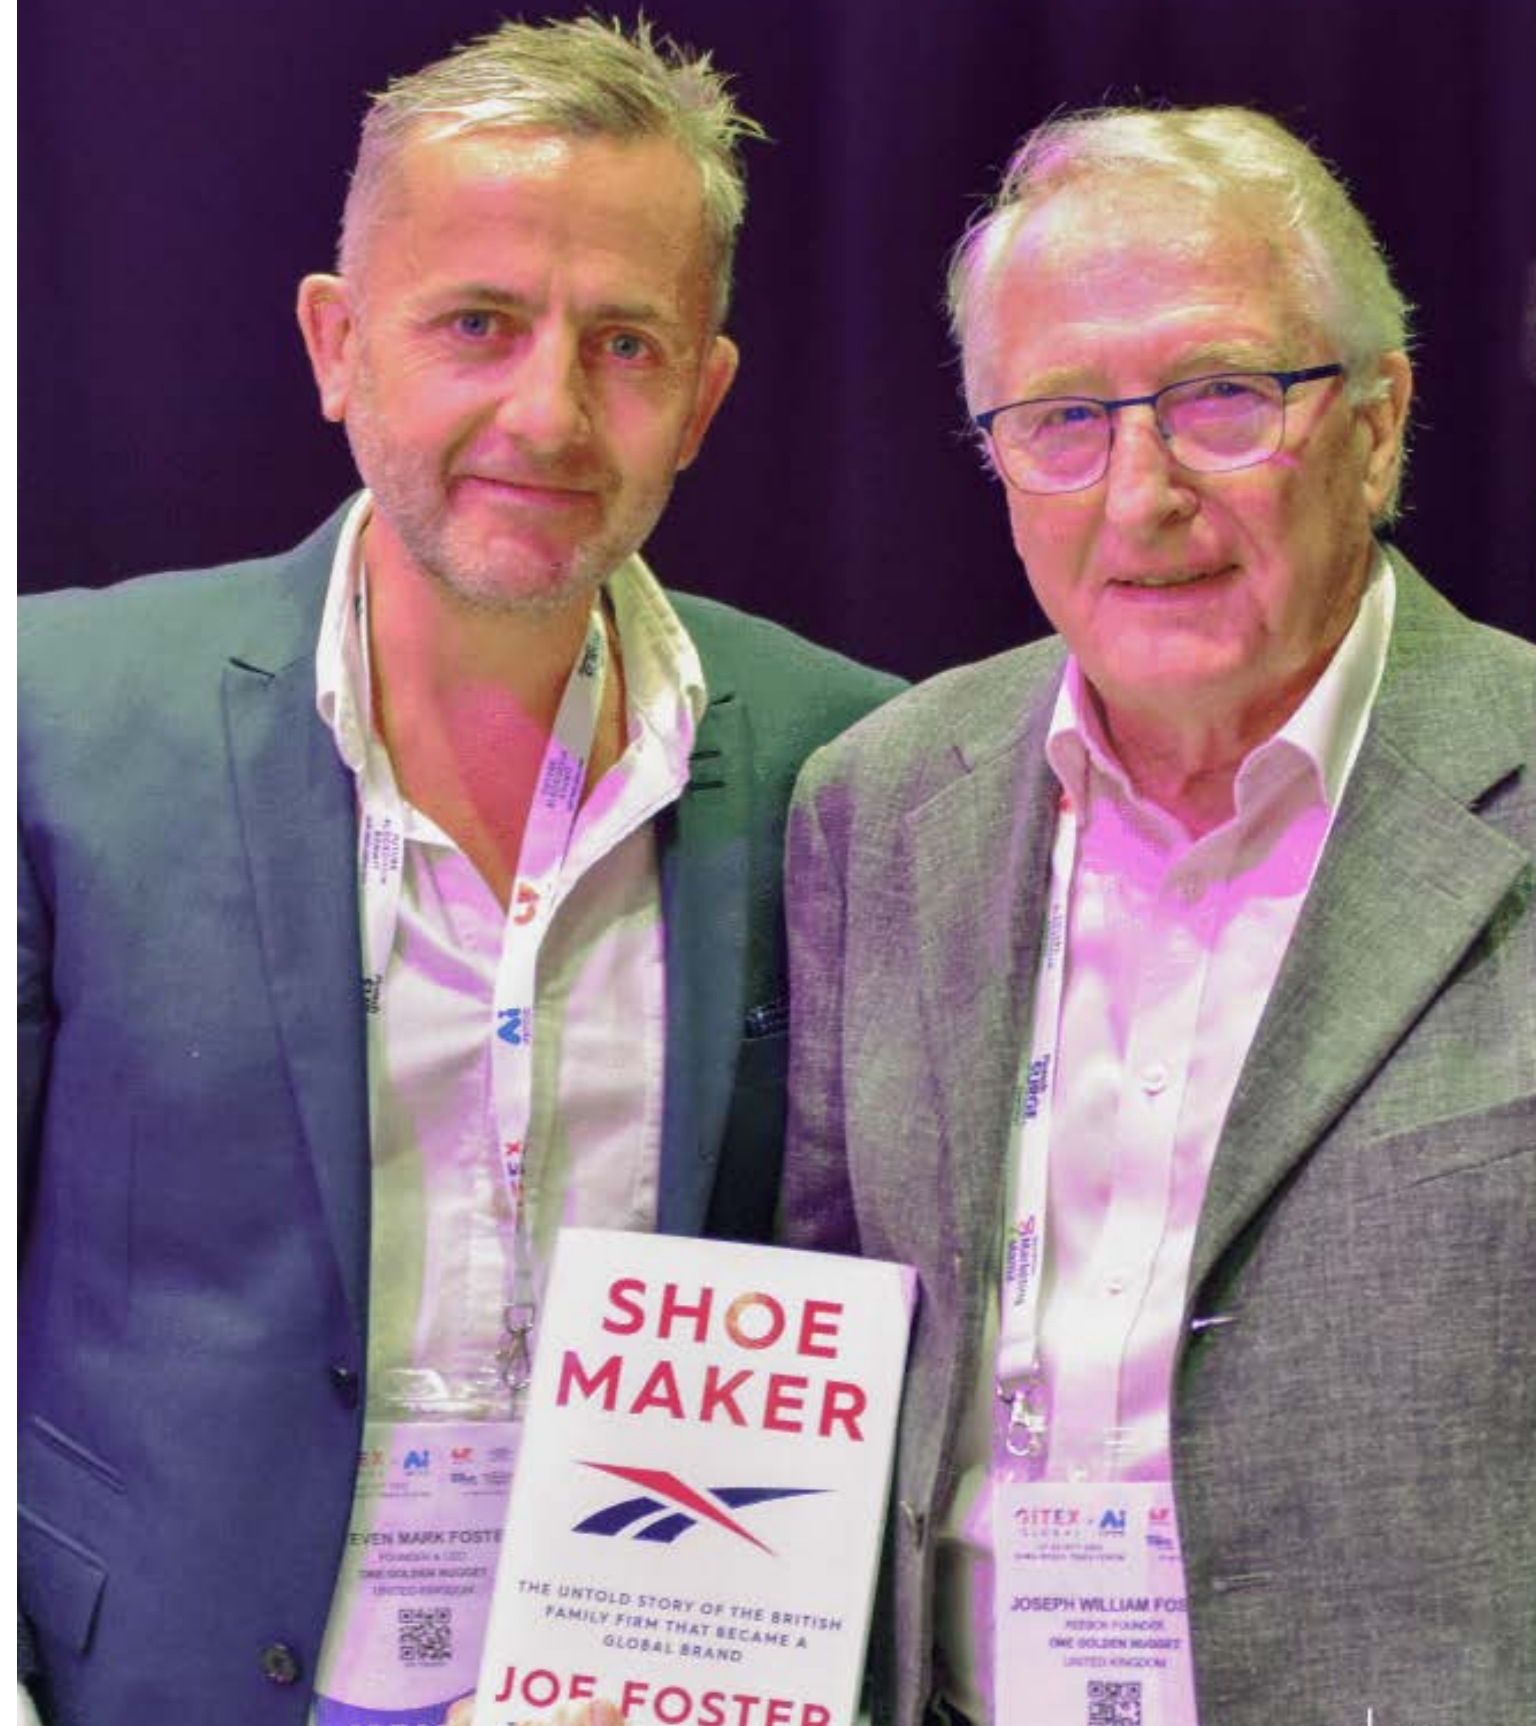

Learning from these great people I saw at first
hand the power of connection and how Dubai
embraced big thinking and a mindset that
everything was possible.

So, Dubai Business Leaders was born, and our
journey of discovery now continues into the
second book and the movement we are building.

I hope you can join us.

Best Wishes
Steven Foster
